The Faygo beverage company and the **Just Baked** cupcake bakery are unveiling Faygo Cupcakes next week at area Busch's and Hiller's supermarkets, where they're available in six-packs featuring orange, grape and Redpop flavors.

On Nov. 11 -- starting at 9 a.m. -- the first 50 customers at Busch's stores at 24445 Drake in Farmington Hills and 33300 W. Fourteen Mile in West Bloomfield will receive free six-packs of Faygo and Faygo Cupcakes.

The debut of the brightly colored cupcakes, made with Faygo's flavored syrups, marks the first time the 103-year-old drink company has extended its brand and flavors into another product line. The suggested retail price for the six-pack is \$6.99.

Just Baked owner Pam Turkin, who signed a special licensing agreement to produce the treats, hopes to offer them at other locations throughout the state.
