DETROIT (AP) - Detroit-area residents with a hankering for cupcakes and Faygo pop can now have them together.

In a single bite.

Customers can think of it as having the chance to eat their cake and drink it, too.

Beginning Thursday, specialty bakery shop Just Baked is offering cupcakes featuring classic Faygo flavors, including Redpop, Grape and Orange.

The Faygo cupcakes are available at Busch's and Hiller's stores, and Just Baked is in discussions to offer them at additional retail locations throughout the state.

The suggested retail price for a six-pack is \$6.99.

[Just Baked](#) has locations in Ann Arbor, Livonia, Royal Oak and Novi and soon will be opening one in Wayne County's Canton Township.
